

Enabling personalized cancer care

oncobit

Dr. Claudia Scheckel, CEO
claudia.scheckel@oncobit.com

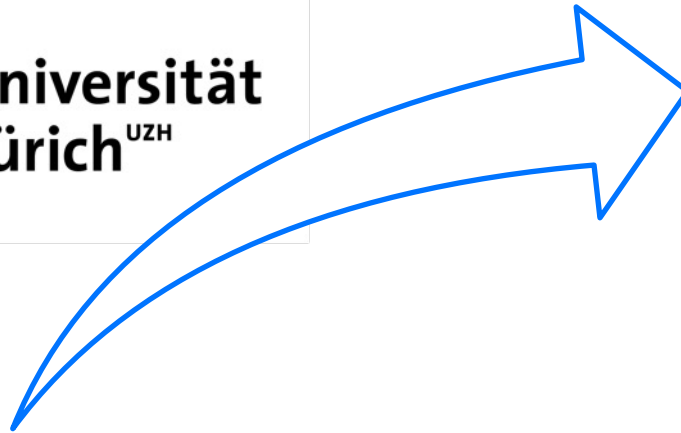

Oncobit was founded out of an unmet need

USZ Universitäts
Spital Zürich

Universität
Zürich^{UZH}

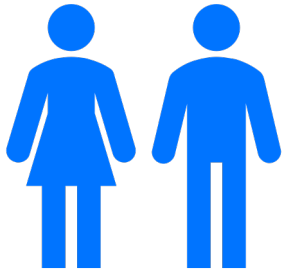

oncobit

- Cancer-specific diagnostic and monitoring tests
- Unique combination of proprietary assay design and software
- Initial focus on melanoma but easily scalable to other cancer types

Cancer-specific diagnostic and monitoring

Cancer-specific
diagnosis

oncobit™ LB
(blood)

oncobit™ Dx
(tissue)

Cancer-specific and
personalized monitoring

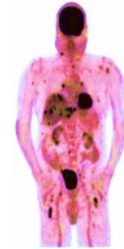

oncobit™ PM
(blood)

oncobit™ PM
(blood)

Personalized therapy
adjustment

oncobit™ LB
(blood)

oncobit™ PM
(blood)

- more optimal treatment
- minimally invasive monitoring
- reduced healthcare costs

Oncobit's team

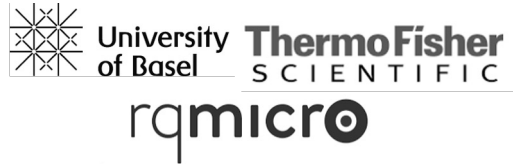

Leadership

Dr. Claudia Scheckel, CEO

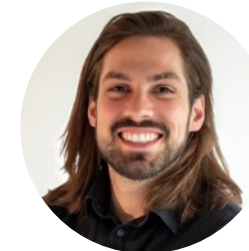

Dr. Bjoern Biedermann, CBO

Software Development

Dr. Barbara Geissmann

Lucas Kohler

Dr. Stephany Orjuela

Research & Development

Dr. Elena Clementi

Dr. Evelina Blomberg

Dr. Sandra Freiberger-Rupp
