

Biotechnet Meet-Up 2023

31 January 2023, Sion

Biotechnet Meet-Up 2023

TEDD Competence Centre

Tissue Engineering for Drug Development and Substance Testing
Est. 2010

Network and Knowledge Base

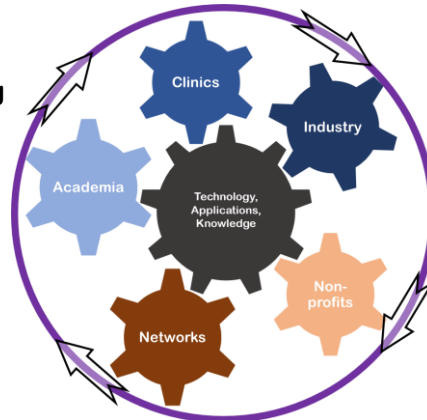

International network

Platform on **biotechnet**
switzerland

- Platform for i) education, ii) R&D and iii) networking
- Promotes applications of 3D organotypic technologies and MPS in various industries
- Aims at replacing animal experiments in academia and industry

TEDD Annual Meeting

TEDD AM embedded in BIC

- **Topic: Microphysiological systems, spheroids organoids, de novo tissues**
- **Highlights:**
 - **Top Speakers:**
 - Thomas Hartung
 - Susan Gibbs
 - Ivan Martin
 - Stefan Platz
 - **Lots of networking opportunities**
 - **Exhibition:**
 - Technology pitches

Outlook 2023

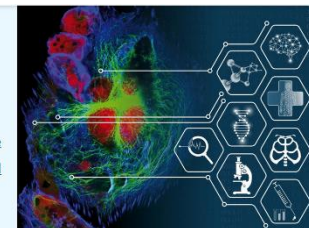

3D Cell Culture 2023: Models, Applications & Translation

Join us a Partner

- To remain at the forefront of organotypic model and MPS development and applications
- To have access to all activities and benefit from reduced prices
- To benefit from scientific exchange, knowledge transfer and contacts across different industries and networks
- To participate in technology transfer and network projects
- Advertise your job openings in the TEDD network
- Actively influence the ecosystem by joining the TEDD board
