

## Biotechnet Conference Report:

# BioRemid2023

### Quick Facts

29-30 June 2023, FHNW Muttenz

242 Participants

197 Academic, 32 industrial, from 37 countries

9 Keynotes, 33 oral presentations, 57 flash presentations

154 posters

4 awards

13 sponsors and exhibitors

Organized by: FHNW, University of Porto,  
University of Granada

### Takeaway

This was the largest ever conference on Bioremediation in Europe

Next event: 2026

## Session Highlights

- **Session 1A Bioelectrochemical systems + 1B. Oil and plastic degradation**
- **Session 2A. Fungal and plant systems + 2B. Bioactive pollutants**
- **Session 3A. Chlorinated compounds + 3B. PAHs and oil**
- **Session 4A. Nature-inspired technologies + 4B. Engineered biotechnologies**
- **Session 5A. Bioremediation tools and strategies I + 5B. Bioremediation tools and strategies II**
- **Session 6A. Macropollutants, micropollutants and metals bioremediation + 6B. Assisted degradation and regeneration**
- **Closing Session**
